

Fast and Easy Network Qualification

Cable Qualifier NetXpert 1400

It is essential for the installer and operator of networks to have extensive testing capabilities to ensure smooth operation. Tests are required for both initial troubleshooting and after installation when alterations and extensions are made. Until now this required the technician to carry multiple testers. The NetXpert 1400 combines all these requirements in a single device!

Benefit from NetXpert 1400 features...

- **Rigorous testing:** NetXpert 1400 combines three methods to test a data network for Gigabit Ethernet speed capability
- **Helps you work faster:** Easy to use touchscreen speeds operation
- **Extremely capable:** In addition to qualifying the cable, the NetXpert 1400 is able to perform active network tests
- **Increase your productivity:** PDF test reports are generated directly on the device
- **All day operation:** Even on long working days, the battery pack of NetXpert 1400 provides more than 10 hours of operation

The NetXpert 1400 determines the performance of structured cabling and combines three testers in one:

Ethernet Speed Certification

Determine the efficiency of your cabling by the following test parameters:

- Signal-to-Noise Ratio (SNR)
- Bit-Error-Rate-Test (BERT)
- Delay Skew
- Results can be saved in the tester
- Standards-based measurement reports providing "Pass/Fail" results with certificates generated in the tester

Cable Testing

Quickly detects and displays cabling errors:

- Tests network cabling and coaxial cabling
- Distance to fault with full TDR measurement
- Wire map shows opens, shorts, miswires and split pairs

Network-Testing

Fast and Simple Network Tests:

- Link test up to 1 Gbit/s
- PoE/PoE+ detection and load test
- Ping test of IPv4/IPv6 addresses
- LLDP/CDP/NDP and VLAN discovery
- DHCP test
- Traceroute
- Switch Port identification

PROMOTION

1.595 €*
excl. VAT incl. Lenovo Tablet**

NetXpert 1400 Scope of delivery

* All prices exclude VAT and other taxes. Delivery from stock while stock lasts.

This offer is valid until December 15, 2016.

** Specifications Lenovo® Tab 3 710F: MediaTek® MT8127 1,3 GHz Quad-Core, Android™ 5.0, memory: 1 GB RAM, screen: 7.0" IPS-Display, weight: 300 g, hard disk: 8 GB, Bluetooth-Vers. 4.0.
