Designed to grow with you

No channel adapters included! 

No Touchscreen! 

No future! 

Save up to 1.800 EUR*

valid through 31.05.2019

10 FANTASTIC REASONS FOR

WireXpert

- 1 Graphical displays at both ends of the cable to increase certification efficiency.
- 2 Our local technical service center - your competent support always there when you need it!
- 3 Become a supertech! We will explain our certifier step by step and help you with cable fault troubleshooting.
- 4 Technological pioneers: We were the first on the market with a Certifier up to 2500 MHz and we are always ahead of the "game".
- 5 Best price-performance ratio: We offer you our devices at realistic and fair prices.
- 6 All included at no additional cost:
 - Dual Control System (DCS™)
 - Channel- and Permanent Link adapters
 - Table top stand and carrying case
 Others charge extra for these essential items.
- 7 Wide variety of adapters covering all relevant certification standards.
- 8 Quick and easy touch screen operation.
- 9 Unique upgrade options: copper, fiber optic or measurements up to 2500 MHz. You can always upgrade!
- 10 Certifies cable to global standards. Reports available in pdf, csv, and on the Cloud.
